## **JAZZ FESTIVAL PROCEDURES**

- A. Jazz Band rating will be determined by two (2) judges' equal ratings. During the season, only ratings will be assigned/announced, not scores. Rating categories will be: Bronze: 80.0 - 84.9; Silver: 85.0 - 94.9; Gold: 95.0 - 100. At the TIA Atlantic Coast Championship, both scores and ratings are announced. Middle School Bands will only have ratings announced. At the TIA Atlantic Coast Championship, three (3) judges will evaluate bands.
- B. Each band is recommended to play three separate selections. If a band is performing a major, lengthy work, only two selections are recommended. The tabulator will score the lengthy work as two songs. The lengthy selection must be approved by the chief judge of the show in advance.
- C. Band Directors are responsible for providing two copies of scores for each selection they will perform. Musical scores should be given to the chief judge at the show site, and they will be returned to the director at the end of the evening along with their score sheets.
- D. Each band must use the 'stack' (three level) setup.
- E. After each contest, directors will receive their band's score sheets and commentary. There is no post contest meeting.
- F. Directors are responsible for the conduct of his/her students at shows. Jazz Band members should represent their schools and communities in a positive manner.
